Welcome

Hello Neighbors –

Welcome to the 1st NBPD Brochure of 2021!!! While 2020 was a year most people would like to forget, we would like to take a moment to send our positive thoughts and prayers to everyone who has been affected by the coronavirus. Our hearts go out to everyone we have lost in 2020, especially our very own NBPD President Emeritus, Ann Mackin.

With the start of a new year comes optimism and hope. As you flip through the pages of this brochure, you will see small steps in getting back to normalcy. You will see that it is our hope to one day offer you programs that are full of your fellow neighbors that will bring you joy and happiness, like we have brought to you for so many years in the past.

This pandemic is not over yet and our overall goal, here at the North Berwyn Park District, is to keep everyone safe and healthy. We will continue to monitor the situation while also continuing to take steps forward to get back to where we once were.

On behalf of the Board of Commissioners and the entire staff at the North Berwyn Park District, we thank you for your support during these unprecedented times and we hope everyone continues to stay healthy. We miss you all very much and can't wait to have you back!

All the best,

Jim Kearns, Jr.

ART

Educators tell us that art encourages fine motor skills, neural development, and problem-solving abilities and that it can be used effectively to teach and understand other key subjects such as reading, writing, math, and science.

Therapists tell us that art is valuable because it allows children to process their world, to deal with sometimes scary emotions in a safe way, and because it gives them critical sensory input.

Artists tell us that art is important for its own sake—as a source of beauty and expression, as well as simply for the process of creating.

Kids tell us that art is fun, an activity they enjoy.

Parents tell us that art is vital to their families because it keeps everyone engaged and happy and helps with the sometimes difficult transitions of the day.

Art is naturally linked to creativity, an attribute that is increasingly being touted as one of the most important factors for the success of individuals, organizations, and cultures.

The truth is that art is vital, if somewhat intangible, and that if children engage in hands-on art activities, they learn much better in all disciplines.

Have I Got a Story!!

Everyone has a vast collection of stories just waiting to be told. This workshop is filled with hands-on activities and prompts designed to help you to uncover, write and shape those stories that are uniquely yours, the good, the bad and the ugly. Whether you are a new or seasoned writer, want to perform on a stage, do some public speaking, personal journaling or just tell a good story at Thanksgiving Dinner this class will give you tools to build on.

In the last class writers have the opportunity to read their piece or let an actor perform the material for a Zoom showcase. So bring an open mind and your spirit of adventure because everybody's got a great story.
